FLORA
SPRINGS®

WINERY & VINEYARDS

Winemaker Notes

Balance, balance, balance—in life, in wine, after a bottle of wine—it's an elusive ambition. However, after thirty years of crafting world renowned wines, the Flora Springs name has become synonymous with perfectly balanced Napa Valley Chardonnay. The legacy began when our inaugural vintage in 1978 was awarded a gold medal at the Orange Country Fair. A few years later, our gold status was bronzed when James Laube selected Flora Springs as one of his "First Growth" producers of Chardonnay in his book California's Great Chardonnays.

On the Vine

Our Napa Valley Chardonnay combines the enticing characteristics of three, highly renowned growing regions in the Napa Valley: Oakville, Carneros, and St. Helena. This blend of fruit from the warmer appellations on the valley floor and the cool rolling hills of Carneros, allows us to craft a Chardonnay with great intensity and restraint. This bottling celebrates the natural tropical fruit flavors found in the fruit sourced from our sustainably farmed vineyards and allows the bright acidity to shine!
