

FOR IMMEDIATE RELEASE

Gina Gallo-Boisset and Jean-Charles Boisset Unveil Flora Springs Wine Lounge in Napa's Historic Gordon Building

Featuring Wine-Based Cocktails and Flora Springs Napa Valley Wines

March 17, 2026 Napa, CA — Flora Springs proudly announces the opening of the Flora Springs Wine Lounge, an elegant new destination in the heart of downtown Napa, located within the historic Gordon Building on First Street. Conceived by proprietors Gina Gallo-Boisset and Jean-Charles Boisset, the lounge brings together wine, design, and hospitality in a setting that celebrates the spirit of Napa Valley through creativity, beauty, and discovery.

The Flora Springs Wine Lounge introduces a distinctive menu of wine-based cocktails, crafted from Flora Springs wines, sparkling cuvées, fresh botanicals, and seasonal citrus. These refreshing, lower-alcohol creations are complemented by a selection of Flora Springs wines served by the glass, through bottle service, and in curated tasting flights.

Guests will discover the debut of a new portfolio of crisp, vibrant white wines, alongside the winery's celebrated Trilogy Red Wine—one of Napa Valley's most iconic Bordeaux-style blends—and Soliloquy White Wine, a signature expression of Napa Valley elegance. The experience is enhanced by California-inspired small bites, caviar tastings, and artisanal chocolate pairings.

Inspired by Flora, the Roman goddess of flowers and renewal, the design of the space unfolds as a poetic journey through the four seasons. Sculptural installations evoke Awakening, Enlightening, Harvest, and Sky, reflecting the timeless rhythm of the vineyard and the cycle of nature that guides every vintage.

At the heart of the lounge stands a luminous marble bar bathed in natural light, echoing the textures and radiance of Napa Valley's landscape. Above the main salon, a hidden private mezzanine speakeasy tasting room offers an intimate sanctuary for collectors, wine club members, and guided tasting experiences.

Founded in 1978 by the Komes family, Flora Springs has grown into one of Napa Valley's most respected wineries, celebrated for wines that reflect the character and diversity of the valley's finest vineyard sites. Its acclaimed portfolio includes Trilogy, one of Napa Valley's most recognized Bordeaux-style blends; Soliloquy, an iconic Napa Valley white wine; and a collection of remarkable vineyard-designate wines.

The original Flora Springs tasting room at 677 St. Helena Highway in St. Helena will remain the winery's anchor destination alongside the new Flora Springs Napa Wine Lounge.

"Flora Springs has always been guided by the land and the rhythms of nature," said Jean-Charles Boisset, co-owner of the Flora Springs Wine Lounge.

"With Flora Springs Wine Lounge, we envisioned a place where guests can experience our wines in an entirely new way—through art, nature, and a sense of wonder in the heart of Napa."

Gina Gallo-Boisset added: "Flora Springs Wine Lounge celebrates the beauty of Napa Valley—from the vineyards that give us extraordinary wines to the culture of hospitality that brings people together around them."

A New Chapter on Napa's First Street

Located on Napa's iconic First Street, where the city's modern wine and culinary renaissance first blossomed, the FLORA SPRINGS Wine Lounge represents a vibrant new chapter for Flora Springs and an inspired addition to downtown Napa's evolving wine culture.

More than a tasting room, Flora Springs Wine Lounge is a garden of wine and experience—a place where visitors can explore award-winning wines, discover imaginative wine-based cocktails, and celebrate the artistry and spirit of Napa Valley.
