2025 SAUVIGNON BLANC
NAPA VALLEY

Born of Napa Valley's cooler influences; this Sauvignon Blanc reflects the freshness and natural energy shaped by cool mornings, coastal air, and long, measured days in the vineyard. Inspired by the goddess Flora, this is a luminous expression of Flora Springs and Napa Valley.
—Guardians, Gina G. Boisset & Jean-Charles Boisset.

92 POINTS Jonathan Cristaldi, Decanter Magazine. 11-11-2025

92 POINTS James Suckling. 11-11-2025

COMPOSITION: 93% SAUVIGNON BLANC, 5% SEMILLON & 2% MALVASIA BIANCA
AGING: FERMENTED AND AGED 5 MONTHS IN STAINLESS STEEL
PRODUCTION: 3,500 CASES MADE

AROMATIC · MINERALITY · HERBAL FRUIT

Opens with ripe melon, tropical fruit, and fresh citrus, lifted by subtle grassy notes. Medium-bodied, it is defined by a focused line of acidity that brings brightness. Fruit intensity is balanced by a gentle textural weight, leading to a persistent, mineral-driven finish. Vibrant, clean, and structured.

✶ *"With this Sauvignon Blanc, we focused on capturing vibrant fruit with a clean, textural balance that feels composed."*
–Gina Gallo-Boisset, Director of Winemaking

THE DEBUT LABEL

At its center, twins arch toward one another, honoring a silver California poppy that blooms between them. Above, a monogram flanked by the moon and sun, acting as a modern North Star. The intricate floral design frames the composition reminds us of the enduring relationship between humanity and nature.

VINEYARD & WINEMAKING

Stainless steel aging preserved aromatic purity and structural precision. This approach allows the wine to develop texture and integration on the palate. Careful attention was given to achieving balanced acidity. Fruit primarily from Yountville contributes finesse and lift, enhancing both aromatic clarity and overall balance. The 2025 Napa Valley season saw a mild winter and even budbreak, followed by a warm, balanced summer with cool nights. Slow ripening preserved acidity and built concentration, with harvest arriving at optimal balance.
